INDEX 2024

INDEX OF SUBJECTS AND INDEX OF AUTHORS

FOCUS

Indigenous people – why rights and resources matter	1/2024
Livestock	2/2024
Boosting entrepreneurship	3/2024
Land matters	4/2024

SUBJECTS

	PAGE	ISSUE		PAGE	ISSUE
Agriculture & Livestock					
Combining indigenous knowledge with meteorological expertise	28	1/24	“When you put your heart and soul into something, it starts to grow” – Interview with Ysabel Calderón, CEO, Sumak Kawsay, Peru	14	3/24
Tackling pest-induced post-harvest loss under climate change	40	1/24	Making use of synergies from integrated land-climate-biodiversity action pays off	10	4/24
African countries decide to tackle soil health challenges	4	2/24	Himalayan natural heritage threatened by overtourism	42	4/24
Livestock and sustainable food systems – a complex relationship	8	2/24			
Livestock – a sector in transition	12	2/24	Climate change		
Learning from pastoralists	16	2/24	Combining indigenous knowledge with meteorological expertise	28	1/24
Pastures benefit cattle welfare and product quality	19	2/24	Tackling pest-induced post-harvest loss under climate change	40	1/24
World map of pastoralists	20	2/24	GLF Peatlands 2024: The climate solution we forgot	5	2/24
Livestock insurance – promise of a resilience-building tool for pastoral communities	22	2/24	Livestock insurance – promise of a resilience-building tool for pastoral communities	22	2/24
Unveiling opportunities and reducing climate vulnerability in the camelid value chain in the Andean Region	24	2/24	Getting change for climate action into food systems should start with the UN	39	2/24
Unleashing the potential of women livestock keepers – insights from India	27	2/24	Shaping sustainable futures through international agreements	4	4/24
Strengthening Uganda’s beef industry through innovation	30	2/24	Two decades of forest conservation through REDD+ – a critical review	12	4/24
Farmer-herder conflicts in Africa – dynamics and potential solutions	32	2/24	Papua New Guinea: Paradise in peril	32	4/24
Effects of sedentarisation policies – the example of Benin	35	2/24	UNFCCC negotiations: Less coordination and more action, please	36	4/24
The untapped potential of protein diversification	37	2/24	Gen Z farmers in Indonesia – is net-zero farming attractive for rural youth?	37	4/24
Alternative organic resources for soil health in Africa	49	2/24			
Digital(ising) rural entrepreneurs in Africa	8	3/24	Development cooperation/ Development policies		
Gen Z farmers in Indonesia – is net-zero farming attractive for rural youth?	37	4/24	Collective efforts for successful advocacy – experience from Kenya	26	1/24
Weathering the crisis by sticking to organic cotton	40	4/24	Rewarding ecosystem services – an example from Central America	31	1/24
			The right to adequate food on the global agenda – a 30-year review	33	1/24
Agroecology			Strengthening rural resilience in India – the Erada project	36	1/24
Towards agroecological food systems transformation – experience with TAPE	46	2/24	Improving innovation adoption among African smallholder farmers – the Interfaces project	42	1/24
Spotlighting agroecological enterprises	22	3/24	Advancing the human right to adequate food	6	2/24
			Unleashing the potential of women livestock keepers – insights from India	27	2/24
Biodiversity					
Rewarding ecosystem services – an example from Central America	31	1/24			

SUBJECTS

	PAGE	ISSUE		PAGE	ISSUE
Strengthening Uganda's beef industry through innovation – the Sirge project	30	2/24	Advancing the human right to adequate food	6	2/24
Getting change for climate action into food systems should start with the UN	39	2/24	The untapped potential of protein diversification	37	2/24
Spotlighting agroecological enterprises	22	3/24	Addressing post-harvest challenges in aquatic food systems	40	2/24
Building rural capacities in India's cotton supply chain – an opportunity for women's empowerment	26	3/24	Towards agroecological food systems transformation – experience with TAPE	46	2/24
Shaping sustainable futures through international agreements	4	4/24	Nutrition gardens in Burkina Faso – a green solution for rural food security	35	3/24
Tackling land use challenges with a participatory and integrated planning approach – experience from Ethiopia	16	4/24			
UNFCCC negotiations: Less coordination and more action, please	36	4/24			
			Forestry/ Forest conservation		
			Rewarding ecosystem services – an example from Central America	31	1/24
			Two decades of forest conservation through REDD+ – a critical review	12	4/24
			“We are interested in democratising resources” – Interview with Marlon Webb, CEO, Diwö Ambiental, Costa Rica	19	4/24
Digitisation					
Digital(ising) rural entrepreneurs in Africa	8	3/24			
			Gender		
Energy			Haki Ardhi – the women's land rights reporting tool	22	1/24
Reconciling the green energy transition with the rights of Indigenous Peoples	17	1/24	Indigenous women's rights are human rights!	38	1/24
			Unleashing the potential of women livestock keepers – insights from India	27	2/24
Entrepreneurship			“When you put your heart and soul into something, it starts to grow” – Interview with Ysabel Calderón, CEO, Sumak Kawsay, Peru	14	3/24
Does the future lie with entrepreneurship?	6	3/24	Empowering women and youth in horticulture with the help of local service providers – insights from Tanzania	19	3/24
Digital(ising) rural entrepreneurs in Africa	8	3/24	Building rural capacities in India's cotton supply chain – an opportunity for women's empowerment	26	3/24
From fields to fortune – transforming rural youth into entrepreneurial innovators	10	3/24	Vietnam: The scent of cinnamon and times to come	42	3/24
Incentivising African youth for agriculture and agribusiness	12	3/24	Embracing gender for sustainable land management	30	4/24
“When you put your heart and soul into something, it starts to grow” – Interview with Ysabel Calderón, CEO, Sumak Kawsay, Peru	14	3/24			
“Tourism can make a difference in rural communities” – Interview with Sandra Carvão, UN Tourism	18	3/24			
Spotlighting agroecological enterprises	22	3/24	Indigenous people		
Neycha Revolving Fund – helping entrepreneurs build flourishing businesses	24	3/24	Between aspiration and reality – Indigenous Peoples and their place in the world today	6	1/24
Building rural capacities in India's cotton supply chain – an opportunity for women's empowerment	26	3/24	„Brazilian society should be proud to have 305 Indigenous Peoples and 274 indigenous languages” – Interview with Joziléia Kaingang, Ministry of Indigenous Peoples, Brazil	10	1/24
From banana fibre extraction to basket weaving – green entrepreneurship in India	28	3/24	Traditional knowledge and intellectual property	12	1/24
Keeping value added in the country of origin – organic chocolate from Ghana	30	3/24	The legacy of colonialism is still there	14	1/24
Entrepreneurship in times of crises – how access to finance impacts on business operations	32	3/24	Reconciling the green energy transition with the rights of Indigenous Peoples	17	1/24
			FPIC protocols – rebalancing power by changing the rules of the game?	20	1/24
Environment			Haki Ardhi – the women's land rights reporting tool	22	1/24
Towards a sustainable plastic future	38	3/24	The Indigenous Navigator – data for and by Indigenous Peoples	24	1/24
			Collective efforts for successful advocacy – experience from Kenya	26	1/24
Fisheries & aquaculture			Combining indigenous knowledge with meteorological expertise	28	1/24
Addressing post-harvest challenges in aquatic food systems	40	2/24	Rewarding ecosystem services – an example from Central America	31	1/24
			Indigenous women's rights are human rights!	38	1/24
Food security & nutrition/ Food systems					
The right to adequate food on the global agenda – a 30-year review	33	1/24			
African countries decide to tackle soil health challenges	4	2/24			

SUBJECTS

	PAGE	ISSUE		PAGE	ISSUE
Unveiling opportunities and reducing climate vulnerability in the camelid value chain in the Andean Region	24	2/24	Rights/ Land rights		
"We are interested in democratising resources" – Interview with Marlon Webb, CEO, Diwö Ambiental, Costa Rica	19	4/24	Between aspiration and reality – Indigenous Peoples and their place in the world today	6	1/24
"We act in such a way that future generations can follow our path" – Interview with Fredy Gerónimo, President, Kanuja cooperative, Peru	25	4/24	"Brazilian society should be proud to have 305 Indigenous Peoples and 274 indigenous languages" – Interview with Joziléia Kaingang, Ministry of Indigenous Peoples, Brazil	10	1/24
Land management/ Land use			The legacy of colonialism is still there	14	1/24
Improving innovation adoption among African smallholder farmers – the Interfaces project	42	1/24	Reconciling the green energy transition with the rights of Indigenous Peoples	17	1/24
GLF Peatlands 2024: The climate solution we forgot	5	2/24	FPIC protocols – rebalancing power by changing the rules of the game?	20	1/24
Shaping sustainable futures through international agreements	4	4/24	Haki Ardhi – the women's land rights reporting tool	22	1/24
Making use of synergies from integrated land-climate-biodiversity action pays off	10	4/24	The Indigenous Navigator – data for and by Indigenous Peoples	24	1/24
Two decades of forest conservation through REDD+ – a critical review	12	4/24	Collective efforts for successful advocacy – experience from Kenya	26	1/24
A call for action to protect agricultural lands – insights from Ghana	14	4/24	The right to adequate food on the global agenda – a 30-year review	33	1/24
Tackling land use challenges with a participatory and integrated planning approach – experience from Ethiopia	16	4/24	Indigenous women's rights are human rights!	38	1/24
"We are interested in democratising resources" – Interview with Marlon Webb, CEO, Diwö Ambiental, Costa Rica	19	4/24	Rural development		
Combining income generation and sustainable resource use – the LILA project in Armenia	22	4/24	Strengthening rural resilience in India – the Erada project	36	1/24
"We act in such a way that future generations can follow our path" – Interview with Fredy Gerónimo, President, Kanuja cooperative, Peru	25	4/24	Improving innovation adoption among African smallholder farmers	42	1/24
Building climate-resilient landscapes in Ethiopia's lowlands	28	4/24	Unveiling opportunities and reducing climate vulnerability in the camelid value chain in the Andean Region	24	2/24
Embracing gender for sustainable land management	30	4/24	"Tourism can make a difference in rural communities" – Interview with Sandra Carvão, UN Tourism	18	3/24
Papua New Guinea: Paradise in peril	32	4/24	Does the future lie with entrepreneurship?	6	3/24
Markets & trade			From banana fibre extraction to basket weaving – green entrepreneurship in India	28	3/24
Hot, colourful and remunerative – Kampot pepper as an income source for smallholder farmers in Cambodia	44	2/24	Nutrition gardens in Burkina Faso – a green solution for rural food security	35	3/24
Neycha Revolving Fund – helping entrepreneurs build flourishing businesses	24	3/24	Vietnam: The scent of cinnamon and times to come	42	3/24
Keeping value added in the country of origin – organic chocolate from Ghana	30	3/24	Tourism		
Kyrgyzstan: Weathering the crisis by sticking to organic cotton	40	4/24	"Tourism can make a difference in rural communities" – Interview with Sandra Carvão, UN Tourism	18	3/24
Research & Innovation			Combining income generation and sustainable resource use – the LILA project in Armenia	22	4/24
Tackling pest-induced post-harvest loss under climate change	40	1/24	Himalayan natural heritage threatened by overtourism	42	4/24
Improving innovation adoption among African smallholder farmers – the Interfaces project	42	1/24	Youth		
Farmer-herder conflicts in Africa – dynamics and potential solutions	32	2/24	From fields to fortune – transforming rural youth into entrepreneurial innovators	10	3/24
Towards agroecological food systems transformation – experience with TAPE	46	2/24	Incentivising African youth for agriculture and agribusiness	12	3/24
Alternative organic resources for soil health in Africa	49	2/24	Empowering women and youth in horticulture with the help of local service providers	19	3/24
Gen Z farmers in Indonesia – is net-zero farming attractive for rural youth?	37	4/24
